

THE LAST WORD

Here it is now June is almost over! Time is flying by rapidly and summer is upon us. It seems as if we're going to heat up and then it cools down and begins to rain again.

I read something interesting that a friend sent me via e-mail and it has to do with an ancient ritual that native Americans used to teach their young men maturity.

It seems that if a young brave was ready to move into adulthood that the tribe would blindfold him, take him out into the woods and leave him all night on a tree stump. During the night he was not allowed to remove the blindfold before daylight for any reason whatsoever, he was not allowed to come in until daylight and finally he was not allowed to talk to any other young man about his experience.

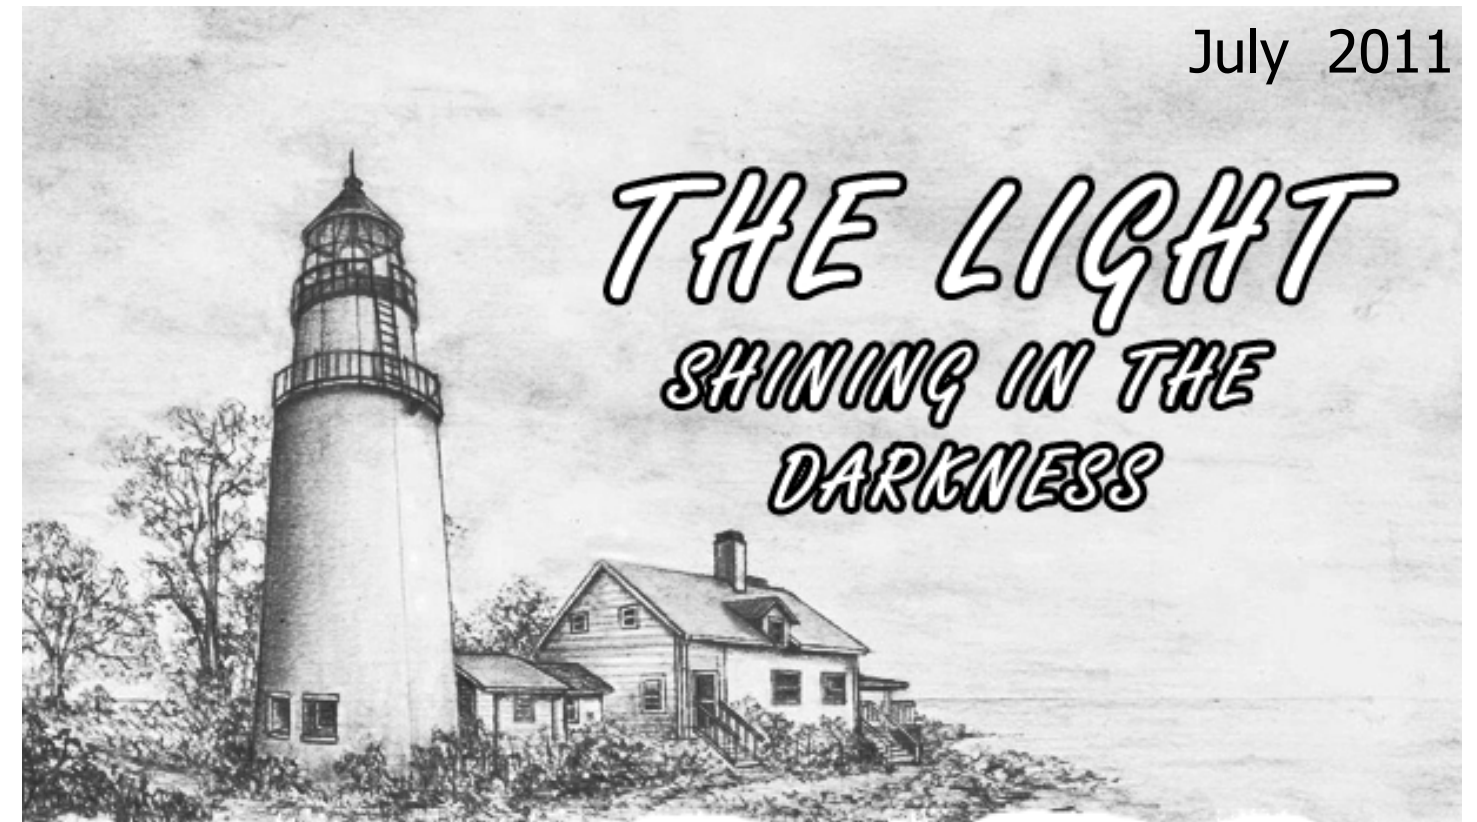

One particular young man spent such a night all alone in the forest perched atop his stump blindfolded. Can you imagine his fears as each noise he heard during the night must have been a wild animal coming to eat him or other enemies coming to kill him. It must have been horrifying to endure such a night!

Later as morning dawned and the sun's rays began to warm his blindfold, he removed it only to find his father had sat beside all through the night without sleeping to make sure he was safe. He was safe even though he didn't know it!

You and I often go through trials in this life in which we don't know that we are safe, but when the long night passes the blindfold comes off and we realize that our father was there all the time! Aren't you glad He stays up at night!

That's the Last Word and I'm sticking to it.

At our church we love God. Make no mistake about that. At our church we believe in Gods radical, unconditional, and unwavering love for us. At our church we believe that Jesus is God. We also affirm that you may or may not believe that Jesus is God. We're not asking you to change your belief system before you attend our church. We are simply inviting you on a journey toward Jesus. For years, churches have placed a high priority on Jesus as the get out of hell free card. At our church we place the highest priority on Jesus as a live life to the fullest invitation. At our church, we believe every person has a dream deep inside their hearts, and that God put that dream there, not for our glory but for His. At our church we are not concerned for were you have been but were you are going. At our church we believe that the bible is Gods word it is real it is living it is active. We believe that people that don't go to church anywhere are not the enemy. They are real people who need the perfect love that only God can give. And we believe God gives this love through of all people us. At our church we do not and will not display a holier than thou attitude toward anyone. We are all broken people but He is putting us back together. And finally and most importantly at our church we believe that Jesus really live, really died, and really rose again for us on the third day and we will not candy coat or water down that message ever.

Welcome to our church

PRAISE CORNER

Last Thursday David, Correna and I decided to go to Bernheim Forest to feed the ducks. We parked and started walking over to the lake and looking out we were amazed by the hundreds of ducks on the water. We were suddenly stopped in our path when we noticed a coyote starring at us about 150 feet away. We turned around and walked quickly back to the van looking back to see how close it was. The coyote didn't even move from that spot until after we were in the van. The only answer to that is to praise GOD, because He is only the explanation of why it didn't attack.
